## EXPERIENCE

### STUDIOGRUBER Pittsburgh, PA

**Architecture Intern** sep 2017 - present

Currently collaborating on a design proposal for the Riverlife 'TBD' competition to be submitted on February 26th, 2018. Previously contributed construction, installation, and research of Hiding in Plain Sight, a winning design of the BetaBurgh competition.

### evolveEA Pittsburgh, PA

**Architecture Intern** jun 2017 - sep 2017

Collaborated on the redesign of the Wilksburg Port Authority Park 'n' Ride for the client, Pittsburgh Community Reinvestment Group. Digitally produced unit and site diagrams, renders, and orthometric drawings for the Bozeman Bridger View neighborhood design.

### Standard & Custom Pittsburgh, PA

**Fabrication Intern** sep 2016 - dec 2016

Developed a Grasshopper for Rhino tool to help facilitate the design and production of a CNC-milled lamp. Contributed to the preparation, fabrication, assembly, and shipping of the Intelligentsia Outdoor Parklet in Chicago, IL.

### Ultra Low Res Studio Pittsburgh, PA

**Design/Fabrication Intern** may 2016 - sep 2016

Worked closely with the construction contractor on-site to complete the Carnegie Library Light Wall installation. Co-designed and fabricated the interactive stage backdrop for the Abstractions 2016 conference in Pittsburgh, PA.

### Speculative Mars Habitat Pittsburgh, PA

**Research Assistant** jan 2016 - sep 2016

Collaborated on the research, design, and fabrication of a speculative martian plant habitat with a team of 4 student researchers. The project aimed to help bibb lettuce survive autonomously on Mars for at least three months.

## LEADERSHIP

### Sigma Phi Epsilon Pittsburgh, PA

**Booth Chair** sep 2017 - present

Designed and produced full construction drawing set to guide the physical production of a 2-story booth themed around Nintendo The Legend of Zelda™. Set to open April 20, 2018.

### Carnegie Mellon University 1000plus day of service Pittsburgh, PA

**Student President** may 2016 - may 2017

Managed the planning of the only campus-wide day of service open to all CMU affiliates. With a team of twelve student chairs, we connected hundreds of students, professors, and community residents through volunteer opportunities.

### Habitat for Humanity Taos Taos, NM

**Build Trip Leader** sep 2015 - jan 2016

Co-ordinated a trip for a group of fifteen student volunteers to travel to Taos, NM to aid in the construction of an adobe home with the Taos chapter of Habitat for Humanity.

## EDUCATION

### Carnegie Mellon University

**B.Arch in Architecture**

expected graduation may 2018

**Minor(s)**

Architectural History

Integrative Design Arts Technology

### Sharon High School

**Planning Board Class Historian**

graduated may 2013

## SKILLS

### Fabrication

Woodworking

Laser Cutting

CNC Milling

Vacuum Forming

### Software

Rhinoceros 5.0

AutoCAD

Autodesk Revit

V-ray for Rhino

Adobe Creative Suite

Grasshopper for Rhino

DIVA for Rhino

Arduino

## AWARDS

### Pittsburgh History and Landmarks

**Foundation Book Prize**

**Awarded** aug 2016

*For "It Reads as Repetition, but it Feels Unique: An Analysis of the Expression of Moshe Safdie's Habitat '67"*
